Haze Litigation Updates for Anna 10 5 17.docx

Hi Yvonne,

I updated the haze slides (35 & 36) to reflect some recent activity on TX, AL, and the CSAPR remand response. I made my edits to the version Beth sent.

I also updated the haze litigation pager.

Let me know if you/Anna have questions.

Thanks,

Melinda

Yvonne –

I made changes either in the slide content or in TPs to slides 20-34. I haven't seen the agenda for CenSARA so I don't know whether Chet will talk about the updated modeling results or not – best to stay general and indicate that we continue to work on modeling and should release results soon (could happen next week).

Melinda – I ended up including the TX SIP disapproval comment in the TPs on slide 25. BTB is also mentioned in the TPs on (CAMD-developed) slide 28, but I think the statement is general enough to not need revision.

Let me know if you have questions.

Beth

Anna specifically mentioned needing an update on

- [REDACTED] the TX Regional Haze and possibly other censara states such as LA and AR
- [REDACTED] SO2 designations but particularly mentioned Indiana
- [REDACTED] EE follow-up on where are we with censara states

**Importance:** High

Anna will be at CenSARA next week and tomorrow is her last day in the office.

- Is there anything she especially needs to know about any of the censara states (Texas, Louisiana, Arkansas, Oklahoma, Iowa, Kansas, Missouri, Nebraska)?
- Is there anything that needs to be updated on the slides? I am attaching a slightly rearranged version used at NACAA
- Any new litigations, etc to be revised?

Will need tomorrow but let me know ASAP if you think there may be something coming so I am be expecting it. Thanks.
